Some really amazing shots Dave, but for some reason they look like RC MR2's! Seem a little bunched up for some reason. Are the pics like that or is it just while the video is loading up properly?

Ray, be sure to explain that its an RC Mr2 club! :laugh:

I think the side on shots are hilarious, the cars look really short and bubbly and the aerials look like RC aerials. Brill vid though, the song suits the backdrop, very Irish Rebel feel to the whole thing.

Another quality video production brought to you by Dsham Enterprises in conjunction with Dreamworks Entertainment Inc.

Thanks man, but its not all like that, that's all up in the Wicklow Mountains, its mostly preservation land and the Wicklow Council are super strict on planning/building, hence why County Wicklow is known as the garden of Ireland.

Some awesome places in Wicklow, google it, look for Glendalough and Powerscourt in particular.

Correction, flat land, monster trucks, jet boats, drag bikes, and sunshine - it's not all bad :laugh:
