

MK2 F40 Style Engine Lid In FRP Group Buy

Posted by CarBen Fibre Creations - 2010/10/04 10:02

F40 Style Engine Lid

FRP £399.99

Carbon £499.99

Information:

Our newly designed F40 style engine lid is a must have for all MR2 styling enthusiasts, transform your car completely with this one modification.

Installation:

We have designed the lid for quick and easy installation. Simply removed your OEM inspection panels, engine lid and hinges then install the F40 lid by pushing the top of the lid flush with the car then click down into the OEM engine catch. Removal is simple, pull the release catch inside the car then lift the engine lid up and off the car.

- Moulded and checked with accordance to our terms and conditions
- Part comes unpainted

Ordering:

With this being a bespoke product we don't carry these in stock however the turn around for manufacturing can be up to 4 weeks so please be aware that there will be a delay before you will receive it.
