

TVSS ECU location

Posted by eringobragh - 2011/08/13 10:29

Hi lads,

Just picked up a spare fob for the MR2 off ebay, I have the programming instructions for new fobs but just need to find the TVSS ECU to pair it...any idea where it is?

in a MK2 It hink it is behind the door on the drivers side (although the image may be from a LHD car so might be passenger side)

http://mr2.ie/mr2/bgb/mk2/electrical/electrical_wiring_routing.html

Item T5 directly below the second o in position on page 23.

In a MK3 it's behind the drivers seat

Cheers, KC for ye there

I'll post up a write up on it when I actually get the fob :)

Amazing how these threads which are years old are still a useful resource :)

Was just looking fro T5 myself :)

Cheers

T
