

Veilside kit opinions

Posted by white97mr2 - 2012/10/20 00:38

I was thinkin about fitting a veilside kit to my mr2.What do ye lot think of them are they a bit rice or overdone or quality?Think i may be addicted to spending money on my two m sure a couple of ye on here know what that feels like :laugh:

Its down to your own personal taste man, if you really like it then who cares what anyone else thinks, after-all its your car.
Personally, I'm not a fan of Failside kits lol and not just on mr2s, their kits for other cars don't appeal to me either but again thats just down to my own personal taste.

Bit of work needed getting spots and indicators on the front bumper :unsure:
