V-Style Engine Lid

FRP £150

CF £199

Plus Postage

Information:

V-Style engine lid for your MR2 MK2 in carbon fibre on top and fibreglass underneath, engine lid is based on the MR2 MK2 N/A lid. Easy installation, lid is a direct replacement for your OEM one.

Please note installation may require some drilling, if you do not feel confident doing this please ask a qualified body specialist as refunds will not be given if the part is not returned to us in the same condition it was sent out.

Ordering:

With this being a bespoke product we don't carry these in stock however the turn around for manufacturing is up to 3 weeks so please be aware that there will be a delay before you will receive it.
