What are your experiences with the newer style wiper blades on the market. I have been thinking about getting some of the new Hybrid type:

or these....

Anyone got any thoughts?

IS the passenger wiper size supposed to be 18" or 19"? Some sites are saying 18" but I measured mine and its 19".

I also have those on my Rev3  
They are deffo better than the standards ones  
Just reminds me ... I need to get some new ones for the NCT

Ok got my new blades today just in time for this afternoons appointment with the NCT centre which it

passed, thankfully.

The pic shows the new blade and the old wiper blade in place. I think the new one on the drivers side looks and it also works better.

Hi Punky, I meant to see if Halfords had some this weekend, I have a test booked for next week. What sizes did you get ... 21 and 18 inch? Where did you get yours?

I got the 20" and the 19" from Hids on ebay.

[http://www.ebay.co.uk/itm/271210233592?\\_trksid=p2055119.m1438.l2649&ssPageName=STRK%3AMBIDX%3AIT](http://www.ebay.co.uk/itm/271210233592?_trksid=p2055119.m1438.l2649&ssPageName=STRK%3AMBIDX%3AIT)

They arrived promptly with the hook attachment in place already to very quick turnabout. I am really pleased with them.
