

## Been a while

Posted by mark239 - 2014/08/18 22:10

---

But this has happened so far :)

ECU is now an Adaptronic e1280s - the capability of it is amazing.

Am hoping to be finished in a week or so. Turbo is a Borg Warner S366

scary looking beast,  
have you a list of mods done?  
what bhp you hoping to get?
