http://www.mr2.ie/images/fbfiles/images/DSC\_0792\_zpszxurx1mr\_edit\_1425162684639.jpg Cant seem to upload pics not great with these things its telling me pics are to big???? :S  
anyhow its 99 rev5 t-bar with full leather uk spec  
hopefully ill figure out pics  
tried everything lads can't upload from phone or photobucket??

I upload mine to photo bucket with the app then use the IMG link. Handy enough.

You'll get it sorted :yes:

Hello

you may reduce size for faster loading and/or upload to your dropbox public folder and paste link between brackets and IMG /IMG brackets
