Hello,

Just a reminder so the thread would not sink and everybody receive long enough notice to plan things in calendar allowing them take part in the Journey... :)

Everybody Welcome. Would you Dan or somebody write briefly where should we go this time or similar as last year as it was very good?

I will organise a route for us so,
I was thinking nearly same route pretty much but in reverse see it all from a different angle and go down and stop in ballinahinch castle, roundstone, Ballyconneely, Clifden skyroad, :) , out by Kylemore down by the killary fjord and back into Galway. !?

I shared a message about this event in the French club mr2.fr. Would be nice to have some members from the French club come over!

Folks

I may not make this but planning to catch up after the run if possible due to another blip in my schedule... I even had plans to take a time lapse video of the day.

I cannot recommend this event enough as I did it last year and had a hoot. It was good to meet up with everyone and put faces to names. I have easy enough access to the route but it is a lot more fun with the gang.

If you are even just thinking about it do try to go if your schedule allows.

Does anybody know anything about this cycling tour? What website are they on? We may be able to avoid them if we go in the opposite direction. Last year they ran on the Saturday, this year we are on the Sunday.

As I said I have another commitment but as it turns out I won't have an MR2 as the new owner is due to pick it up on the 23rd May. :(

I was hoping to catch up with ye in it after the run but even if I do it will most likely be in the family bus!

Lukasz is minding an old friend of mine 91-WH-991 for a few more years for me until I pick her up!!!!

Here is a pic of me with her the day after she came new fresh from the garage with just 35 miles on the clock.

I just sold my MR2 and it was collected today so at the moment I don't have an MR2. I may be able to meet up afterwards as I am in Limerick. What time will ye be back in Galway? Is there a final destination set and a contact number for someone so I can ring if I am back?

Weather is supposed to be good and I will miss it as it really is a fun run. MR2 needs more of these to keep everyone together plus its a great excuse to get out and meet up.

Though it was disappointing to not have more friends to drive around, 2 2s still did it and here are some photos: www.fastcarsite.eu

Lukasz it was a pleasure to spend the day with you and hopefully on the next run we'll have more MR2s joining us.
