

Clutch kit; Timing Belt kit and toblerone lense fo

Posted by padji - 2015/05/03 19:34

All brand new parts in original boxes. Never used.

Prefer to sell all together but will price separately also.

Clutch and timing belt kits bought from Micks Garage as per photo while toblerone lense purchased from UK (think around £25). The lense is for a passenger side - think the photo is a driver's side one. Comes unpainted like the photo.

Will sell in one lot for €150.

Individual prices:

Clutch kit €70

Timing belt kit €75

Toblerone lense €15

Parts are based in Dundalk but I work close to Grand Canal Dock so could meet there during the week also.

Thanks

Paddy
