

Dyno day meet?

Posted by Tsporter - 2015/07/23 20:11

Well lads,

Anybody interested in a dyno day meet in the next few weeks?

We did one a couple of years ago in Westward engineering in Enfield. I could contact them again and enquire or maybe Japohara's buddy in Westmeath if he'd do it.

Opinions or numbers? We'd probably want 10 at least.

Martin (Revs) charges about E50 i think,
Martin Tracy charges over E100 if i remember correctly...

Martin tracy is E60 the 4wd is E100
im sure he would do it for E50 for a group.

I've orgnised a few Dyno days in Westward Engineering with TOC-IRL. Martin Tracey charges 60e for a 2WD. But with a group booking he may reduce it to 50e or 55e a head. Good company to deal with, would recommend them to anyone.

They don't care too much on the size. Even if you can run through 5 cars on a Saturday they'll be happy to take you on.

Would also love to head back down to Martin Tracey's. I want him to have a look at the map on my PFC so this would be perfect for me (I know I'd need to book an additional session with him)

Let me know if you need a hand organising this. For those that don't know him, Martin Tracey is a very talented tuner and a gent. Very reserved, but genuine. Also knows the 3S-GTE very well.

Does anyone know how much is for remapping and how much time does it get ?
