

GTR build thread - unreal

Posted by b4ss - 2015/10/01 10:41

<http://www.gtr.co.uk/forum/223953-gtr35-track-race-car-code-name-ngt-r35.html>

Have never seen anything like this, not being part of motorsport industry, 3dmodelling is amazing

Wow it looks pure evil, all that carbon!

BTW, if you like build threads, take a look at this Supra one: [Supra build thread](#)

Note that you need to have a Supra forums login to see it.
