Welcome,
The mr2 PCD is 5x114.3 no idea what the offset is.

Welcome Tinyk06,

Good luck with your MR2.

May be better to sell them and buy other. U may buy adapters but they look expensive to compare of swapping wheels.

Rims for Toyota MR2 1991

Bolt pattern 5x114.3
Diameter: 14.0" - 15.0";
Width (inches): 6 - 6.5;
Offset (mm): 39 - 45.
