

t bar glass panel

Posted by butler_767 - 2016/01/02 20:57

My driver side panel broke. I managed to track one down but its from a 96 and mines a 92 so my question is are they the same fit?

AFAIK they are, the 92s usually have different coloured shades, for example mine are grey but 92 were black and possibly some blue ones.
