

Brake calipers

Posted by dazzler mk2 - 2017/03/13 18:52

Hi there ,
Has anyone got any spare brake calipers
Knocking around for a rev 3 ,
I need drivers side front
And passenger side rear ,
Any help much appreciated
Thanks

Is it a turbo or na you have ?
What numbers are on your calipers, there are different sizes ?

It's an NA ,
And the code on the front is 36T30
And the back is 22V-R

I thought that you would have other replies by now.

I have a pair of calipers at my parents house. Next time I'm visiting I'll check them for you.

Thanks , so did I
I bought a set of reconditioned

Ones , I couldn't wait any longer
But thanks for the offer

No problem.

Did you manage to get the reconditioned calipers installed ?
